WASHINGTON UNIVERSITY IN ST. LOUIS ("Licensor")

AI-READI SYNTHETIC DATA LICENSE AGREEMENT

(Version 1.0)

BY INDICATING ASSENT, THE LICENSEE IDENTIFIED IN THE DATA REQUEST WORKFLOW ("LICENSEE" OR "YOU"), AGREES TO THE TERMS AND CONDITIONS OF THIS SYNTHETIC DATA LICENSE AGREEMENT WITH LICENSOR ("AGREEMENT") WITH RESPECT TO THE CONTENTS OF THE ACCOMPANYING SYNTHETIC DATA FILES (COLLECTIVELY, THE "DATA"). THE INFORMATION THAT YOU HAVE PROVIDED IN THE DATA REQUEST WORKFLOW CONSTITUTES AN INTEGRAL PART OF THIS AGREEMENT.

YOU SHOULD SAVE OR PRINT A COPY OF THIS AGREEMENT FOR YOUR RECORDS.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THIS AGREEMENT, YOU MUST NOT DOWNLOAD, INSTALL OR USE THE DATA.

1. DESCRIPTION OF DATA

A. Licensor represents, and you understand, that the Data licensed under this Agreement is "synthetic" data. Specifically, the Data is artificially generated from the Artificial Intelligence Ready and Exploratory Atlas for Diabetes Insights (AI-READI) dataset in a manner that has been designed to minimize the likelihood that it contains individually identifiable information or protected health information ("PHI"). The Data is otherwise designed to mimic the real-world data characteristics of the dataset from which it is generated.

B. "Generated Data" is any data generated from or based on the Data that (i) contains the Data, in whole or in part, or (ii) can be used, alone or in combination with other information, to derive, reconstruct, or reconstitute the Data, in whole or in part. For clarity, Generated Data may include additional synthetic datasets generated using the Data.

C. You agree that all restrictions in this Agreement that apply to the Data, including without limitation the prohibitions on re-identification and pseudo-reidentification in Section 5.B, shall apply with equal force to any Generated Data.

D. No data other than the Data is provided or licensed under this Agreement. Other data, files and information that may be made available by Licensor must be licensed separately under the terms and conditions applicable to those data, files and information.

2. PARTIES; AUTHORIZED USERS.

A. If, in Your Data Request Workflow, You indicated that you are entering into this Agreement in your individual capacity, then You are the "Licensee" and no other person will be authorized to access or use the Data under this Agreement. If you wish to share Data with members of your internal group or team or other employees or contractors of your employer, please initiate a new Data Request Workflow and indicate this information when requested, upon which a new license agreement will be generated and provided for your acceptance. References to "Authorized Group" and "Authorized Users" in this Agreement, and the provisions of Paragraphs 2.B through 2.E below, do not apply to You.

B. If, in Your Data Request Workflow, You indicated that you are entering into this Agreement on behalf of an internal group, lab, or business unit identified in the Data Request Workflow ("Authorized Group") that is a part of the Institution/Employer specified in your Data Request Workflow ("Institution/Employer"), then this Agreement authorizes access, downloading and use of the Data by You, as Licensee, as well as Authorized Users, on the terms set forth below.

C. "Authorized Users" means individuals who are legal members of the Authorized Group via contract, employment status or student status. The Authorized Group must be an officially recognized subunit within the Institution/Employer identified in the Data Request Workflow, as evidenced by a public web page or other official and publicly available Institution/Employer information source. An individual's status as an Authorized User, and their rights under this Agreement, terminate automatically upon the severance of their relationship or employment with the Authorized Group or Institution/Employer.

D. You, as Licensee, are permitted to sublicense your rights to Authorized Users for so long

as they are members of the Authorized Group. Authorized Users are entitled to exercise all rights granted to you as Licensee under this Agreement. It is your responsibility to ensure that each Authorized User is provided with a copy of this Agreement and understands and agrees to comply with the terms and conditions of this Agreement.

E. You must ensure that each Authorized User complies fully with the terms of this Agreement and you agree that you will be fully liable for all acts and omissions of each Authorized User. You represent and warrant to Licensor that you have all necessary legal rights and authority to enter into this Agreement on behalf of all Authorized Users.

3. **LICENSE GRANT.** Subject to Licensee's and all Authorized Users' compliance with the terms and conditions of this Agreement, Licensor grants to Licensee a non-exclusive and non-transferable license to download, reproduce, use, and share the Data, and to create and distribute derivative works of the Data, for research, commercial, and non-commercial purposes. All full and partial copies of the Data made by Licensee shall be subject to the terms of this Agreement.

4. **LIMITATIONS ON DATA SHARING; STORAGE; AND USAGE**.

A. *Permitted Sharing*. Because the Data is synthetic and derived from a deidentified dataset, Licensee is permitted to share the Data with: (i) other licensees ("Other Licensees") that are bound by the terms of an agreement with Licensor on terms identical to those contained in this Agreement; (ii) academic collaborators at colleges, universities or research institutions ("Academic Collaborators") for research purposes, and (iii) commercial or industry collaborators ("Commercial Collaborators") for research, development, or other lawful purposes, provided that in each case of (ii) and (iii): (a) Licensee informs such Academic Collaborators or Commercial Collaborators that the Data is subject to the terms of this Agreement prior to sharing or making it available or accessible, and (b) such Academic Collaborators or Commercial Collaborators agree in writing to comply with the terms and conditions of this Agreement. Licensee shall not transfer, license, sublicense, sell, assign, display, share, or otherwise convey any portion of the Data to any other third party not described above.

B. *Permitted Data Storage*. Licensee may use and store the Data on (i) servers and devices maintained by and located within Licensee's Institution/Employer, or (ii) on cloud or remote storage and backup services (e.g., Dropbox, Google Drive, AWS, Microsoft Azure) that employ reasonable and industry-standard data security measures (e.g. ISO 27001, HIPAA-approved systems, FedRAMP compliant systems).

C. *Licensee Models*. Licensee is permitted to make, reproduce and distribute models, algorithms and programs that are developed, trained or adapted using the Data, but which do not themselves contain the Data or any modified version of the Data ("Licensee Models"), provided that Licensee, prior to dissemination of any such Licensee Models, undertakes all reasonable efforts to minimize the likelihood that Data can be memorized, derived, reconstructed or reconstituted through the use or construction of such Licensee Models.

D. *Publications*. Licensee may reproduce and include Data in papers, articles, presentations, analyses, reports, or publications ("Papers"), including in figures, images, tables, and supplemental materials, for the purpose of reporting on research conducted using the Data, provided that Licensee includes appropriate attribution as set forth in Paragraph 5. Notwithstanding the foregoing, Licensee shall not publish, post, or otherwise make the Data available as a standalone downloadable dataset (e.g., via a public repository, zip archive, or code package) without the prior written consent of Licensor. Licensee may refer publishers and conference organizers to Licensor if they wish to obtain a separate license to the Data for such purposes.

5. **ADDITIONAL USE RESTRICTIONS.** Without limiting the generality of the foregoing, Licensee shall not:

A. Make clinical treatment decisions based on the Data, as it is intended solely as a research and/or model evaluation resource, or

B. Attempt to Re-identify Source Individuals. Licensee acknowledges that the Data is synthetic and derived from a deidentified dataset and accordingly does not directly identify any individual. Notwithstanding the foregoing, Licensee shall not use or attempt to use the Data, alone or in concert with any other information or dataset, to: (i) compromise or otherwise infringe the confidentiality of information about any individual who may have been a source of data from which the Data was derived (a "Source Individual"); (ii) invade or compromise the privacy of any Source Individual; (iii) attempt to identify, locate, or contact any Source Individual or any group of Source Individuals; (iv) extract or extrapolate any identifying information about any Source Individual, or establish a Source Individual's membership in any particular group of persons; (v) engage in pseudo-reidentification, meaning any technique or process by which the identity of a Source Individual could be inferred, approximated, or probabilistically determined, whether through linkage with other datasets, inference attacks, model inversion, or any other method; or (vi) cause harm or injury to any Source Individual. Each of the foregoing prohibitions constitutes an independent obligation of Licensee, and a violation of any one of them shall constitute a material breach of this Agreement, regardless of whether any other prohibition is also violated. Licensee shall not use the Data in any manner designed or likely to re-identify or de-anonymize information relating to any Source Individual.

6. **ACKNOWLEDGEMENT**. Licensee agrees to acknowledge Licensor and the source and any funder of the Data in any Papers reporting use of the Data. The current citation can be found here: docs.aireadi.org.

7. **SECURITY**. Licensee agrees to implement and maintain reasonable and appropriate administrative, technical, and physical safeguards to protect the Data against unauthorized access, use, or disclosure, consistent with generally accepted industry standards for research data security including those identified in Section 4.B.

8. **TERMINATION**. This Agreement will terminate automatically upon any breach of any term of this Agreement by Licensee or any Authorized User. Upon termination, Licensee shall delete all copies of the Data and Generated Data in its possession and control, including in the possession or control of all Authorized Users, and cease all use of the Data.

9. **PROPRIETARY RIGHTS**. Title to the Data, and all industrial and intellectual property rights therein, shall at all times remain solely and exclusively with Licensor and its suppliers, and Licensee shall not take any action inconsistent with such ownership. Any rights not expressly granted herein are reserved to Licensor and its suppliers.

10. **DISCLAIMER OF WARRANTY**. THE DATA IS PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTY OF ANY KIND, INCLUDING WITHOUT LIMITATION THE WARRANTIES THAT IT IS FREE FROM DEFECTS, MERCHANTABLE, FIT FOR A PARTICULAR PURPOSE OR NON-INFRINGING, AND ANY WARRANTY THAT ALL PHI AND ANY OTHER PERSONALLY IDENTIFIABLE INFORMATION HAS BEEN REMOVED. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE DATA IS BORNE BY LICENSEE. SHOULD THE DATA PROVE DEFECTIVE IN ANY RESPECT, LICENSEE AND NOT LICENSOR OR ITS SUPPLIERS ASSUMES THE ENTIRE COST OF ANY SERVICE AND REPAIR. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN ESSENTIAL PART OF THIS AGREEMENT. NO USE OF THE DATA IS AUTHORIZED HEREUNDER EXCEPT UNDER THIS DISCLAIMER.

11. **LIMITATIONS OF LIABILITY.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT WILL LICENSOR OR ITS SUPPLIERS BE LIABLE TO LICENSEE OR ANY AUTHORIZED USER OR OTHER PARTY CLAIMING THROUGH LICENSEE FOR ANY PUNITIVE, EXEMPLARY, MULTIPLE, INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OF OR INABILITY TO USE THE DATA, INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, OR ANY AND ALL OTHER COMMERCIAL DAMAGES OR LOSSES, EVEN IF ADVISED OF THE POSSIBILITY THEREOF, AND REGARDLESS OF THE LEGAL OR EQUITABLE THEORY (CONTRACT, TORT OR OTHERWISE) UPON WHICH THE CLAIM IS BASED.

IN ANY CASE, LICENSOR'S ENTIRE LIABILITY UNDER ANY PROVISION OF THIS AGREEMENT AND WITH RESPECT TO THE DATA SHALL NOT EXCEED IN THE AGGREGATE ONE U.S. DOLLAR, WITH THE EXCEPTION OF DEATH OR PERSONAL INJURY CAUSED BY THE NEGLIGENCE OF LICENSOR TO THE EXTENT APPLICABLE LAW PROHIBITS THE LIMITATION OF DAMAGES IN SUCH CASES. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS EXCLUSION AND LIMITATION MAY NOT BE APPLICABLE.

12. **INDEMNIFICATION**. To the extent allowed by applicable law, Licensee agrees to indemnify, defend and hold harmless Licensor and its suppliers and their respective employees, officers, directors, contractors and agents from and against any and all claims, damages, losses, settlements, penalties, costs, expenses and other amounts arising directly or indirectly from Licensee's or any Authorized Users use of the Data and any use, distribution or activity of a Licensee Model, including, without limitation, all third party claims asserting violation of privacy rights, death, personal harm or injury, economic loss, emotional distress, discrimination, defamation, breach of security, national security, or infringement of patent, copyright or other intellectual or industrial property rights.

13. **COMPLIANCE**. Licensee agrees to comply with all applicable laws, regulations and restrictions relating to the distribution and use of the Data and Licensee Models.

14. **GENERAL**. (a) This Agreement constitutes the entire agreement between the parties concerning the subject matter hereof. (b) This Agreement may be amended only by a writing signed by both parties; provided, however, that Licensor may update its data security guidelines from time to time to reflect changes in generally accepted industry standards for research data security, and Licensee agrees to comply with any such updated guidelines upon reasonable notice from Licensor. (c) If any provision in this Agreement should be held illegal or unenforceable by a court having jurisdiction, such provision shall be modified to the extent necessary to render it enforceable without losing its intent, or severed from this Agreement if no such modification is possible, and other provisions of this Agreement shall remain in full force and effect. (d) The language of this Agreement is English. (e) A waiver by either party of any term or condition of this Agreement or any breach thereof, in any one instance, shall not waive such term or condition or any subsequent breach thereof. (f) This Agreement shall be binding upon and shall inure to the benefit of the parties, their successors and permitted assigns.
